

Lifetime Achievement

The Lifetime Achievement Award is presented by the Past International Presidents to recognize consistent and continuous contributions to IAWP over a long period of time. The recipient of the 2008 Lifetime Achievement Award has been a member of IAWP/IAPES for 52 years. He has served his chapter in every capacity. Since being chapter president in 1968, he has remained continuously involved. He has mentored many chapter leaders over the years, given of his time and money, worked to keep a large group of retirees engaged in IAWP, encouraged newer members to take leadership roles, and willingly shared his knowledge of agency, chapter, and international “how to”. He recently completed a written 20- year history of the North Carolina Association of Workforce Professionals.

He has also demonstrated continuous involvement at the international level by standing as a candidate in 1980 for International Vice President and by attending every

international conference since 1967. Ladies and gentlemen, please help me honor Mr. Bob Babcock of North Carolina Chapter.
