

## Unemployment Insurance Award - Group

**The 2008 Group Unemployment Insurance Award** narrative begins with the statement from nominator Jimmy Jones, “In the daily operations of the Unemployment Division, there are many units deserving of praise and recognition.” **The 2008 Group Unemployment Insurance Award** winner administered all the unemployment insurance programs within the state as well as brought in enough revenue from subpoena and housing authority requests to fund a new UI position for a staff that was both overworked and understaffed. This group also began the plans to institute a debit card payment program.

IAWP is pleased to issue the **2008 Group Unemployment Insurance Award** to the UI Administrative Unit, South Carolina Employment Security Commission.
